# Taming the Behaviour Monster & Cultural Immersion

## Siem Reap CAMBODIA 8-14 July 2018

With presentations on positive behaviour management by Dr Christine Richmond, Ian Luscombe and others.

Take your career to the next level with a week of professional learning and five-star pampering at the luxurious Park Hyatt, Siem Reap, Cambodia.

It's not often that teachers get to enjoy the lifestyle perks of the corporate world. You'll expand your horizons, learn from the best and kick back with some high-quality pampering and the downtime you deserve.

You'll visit major cultural and tourist centres, including Angkor Wat, the Killing Fields, the Floating Villages, Phare Cambodian Circus and more.

For most delegates the price will be fully tax-deductible (but please check with your accountant first). Partners/friends can even share your room, with breakfast included, for free.

This course addresses standards 4.1, 4.2, 4.3 and 4.4 of the Australian Professional Standards for Teachers.
