Behaviour, Learning & Cultural Immersion

Siem Reap CAMBODIA 29 September to 5 October 2019

With presentations on positive behaviour management, the brain and learning, happy confident teachers and more...

Take your career to the next level with a week of professional learning and five-star pampering at the luxurious Park Hyatt, Siem Reap, Cambodia.

It's not often that teachers get to enjoy the lifestyle perks of the corporate world. You'll expand your horizons, learn from the best and kick back with some high-quality pampering and the downtime you deserve.

As well as making connections with two local schools, you'll visit major cultural and tourist centres, including Angkor Wat, the Floating Villages, Phare Cambodian Circus and more.

For most delegates the price will be fully tax-deductible (but please check with your accountant first). Partners/friends can even share your room, with breakfast included, for free.

"My trip with BehaveAbility in Cambodia was one of the most satisfying and stimulating professional learning experiences I have ever had. I loved the people, the seminars, the schools and the children. I grew as a professional and as a human being because of this conference. It was a fantastic experience."

"This event is a Life Changing experience both professionally and personally. No other professional learning has ever 'packed the punch' that was delivered in a week of thought provoking, practice changing, enthralling and enlightening life experiences in a country that can only be described as stirring and the people as unforgettable. An amazing adventure that will have educators reflecting both in and out of the classroom for a long time to come."
